**CHAPLAINS MESSAGE**

As we wish one another a Happy New Year, we also wish for them a good year of health and prosperity. New beginnings always bring with them the hope for good things to happen. Most often as we begin a new year we *hope* for ourselves that it will be a good year, or we *wish* for others that it will be a good year. May I suggest that rather than simply wishing, we should approach this New Year with more confidence. We should resolve that we will **MAKE** this a good year. Certainly, many of the good or bad things that happen to us are beyond our control. However, we shouldn't leave everything to chance. There's a Jesuit dictum:

“This is the first rule of action: trust in God as if the success of things completely depended upon God and nothing on you; then put all your labors into it as if God is going to do nothing and you everything.”

Not a bad way to start the New Year! Happy New Year!

Msg. Ken

**INSURANCE MATTERS**

“I already have insurance at work.”

Many jobs offer some form of group life insurance. Often, this insurance is an employee benefit provided at no charge, or for a small co-pay. Knowing that this coverage exists may convince someone that he doesn't need to discuss personally owned life insurance with an agent. That could be a mistake.

Most forms of group life insurance are limited in amount. That amount may be tied to a salary or some other benchmark, but often there is a cap. That cap may be dangerously low for your family's needs should you die. In fact, without a needs analysis (which I'll be happy to provide, free of charge), it may be completely unrelated to needs at death. In addition, the amount of group insurance offered is almost always reduced – and sometimes dramatically – when you retire.

Especially today, there is the very real possibility that you could lose your job. Or that your benefits could be reduced. In either case, you can find yourself without coverage. If your health has changed in the meantime, you can find yourself out of luck.

While group life helps, it does not replace the need for individually owned life insurance. I'll be happy to meet with you and provide a free, custom-tailored needs analysis, so that you'll know exactly where you stand. Please give me a call.

Bob Dodds (609) 978-6396

## MESSAGE FROM YOUR GRAND KNIGHT

The New Year signifies a new beginning or fresh start as we look forward to a better time. It's a time that most of us take stock of ourselves and make New Year resolutions. It's a time we promise to do more, go on a diet, exercise, devote more time to the family and church or even volunteer more time. All of those are very good resolutions if we keep to the promise. It takes will power to keep to those resolutions but like most of us and I include myself it works for awhile and soon we find ourselves back to our old habits.

So where have we traveled in the space of time? What have we accomplished? Have we gone forward into the New Year or did we go back in time to the year before? This question may sound like one of Einstein's theories or trying to understand time travel as in a parallel universe where one sees the future. The question is not all that complex. Let me draw an example;

We all have a past, a present and a future. They may seem distant at first but are all linked together as one in our mind. Now let me try to separate them for clarity.

- The Past: Things we did a minute, a day, a week ago or years ago.
- The Present: What we do this second or right now.
- The Future: It has not happened yet. The future is in our mind so all we can do is dream of it.

It's all about how you perceive it. Some people live in the past, some live for the moment and some are in dreamland. There is nothing wrong with looking back to the past because we can all learn from our mistakes or our successes. The past cannot be changed. Dreaming of the future could be fun but it cannot help us now. But living in the present or NOW is the challenge. For what you do now can make the difference in the future. We can choose to live our lives in the past, dream of the future or live in the present time, that decision is ours to make.

“Today is a gift, which is why they call it the present” (unknown quote)

So learn by error, plan for the future, live for the moment. It's more fun than dreaming about it. Then make a difference by taking action and getting involved.

Happy New Year

God Bless.  
Fraternally yours,  
Frank Ingrassia, GK.
